

 Made in  
Germany

A large, stylized 'X' graphic that serves as a background for the word 'EXTRA'. The 'X' is composed of two intersecting diagonal bands. The upper-left and lower-right bands are black with a fine, pebbled texture. The upper-right and lower-left bands are a vibrant lime green with a similar pebbled texture. The word "EXTRA" is centered over the 'X' in a large, bold, black, sans-serif font.

## TOOL TROLLEYS

### QUICK ACCESS

Drawers can be identified with several **stickers per drawer** (sheet of stickers included in delivery).

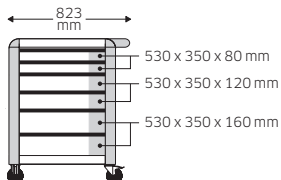

### ROBUST

Wear and scratch-resistant worktop and protective base strip made of **stainless steel**.

100%

### PRACTICAL

Six removable drawers mounted in **fully extendable rails** with easy-running bearing cage guidance.

## MAKING GOOD EVEN BETTER ...

### Tool Trolley No 95VA

€ 789.00\*

instead of € 1460.00

750 kg

30 kg

### TRIPLE SAFETY FEATURES

**Central locking** with a lateral cylinder lock below the handle and fold-down key. **Individual locks** prevent inadvertent opening in transit. **Topple-proof** – it is not possible to pull out more than one drawer at a time.

### SAFE & SECURE

Oil and acid resistant wheels (Ø 125 mm) with **two parking brakes**. Carpet protection prevents the ingress of dirt and threads into the bearings.

## ... EVEN WITHOUT STAINLESS STEEL PANELS!

### Tool Trolley No 95

€ 729.00\*

instead of € 1326.00

### ALMOST IDENTICAL

Tool Trolley 95 has many of the features that the 95 VA has, such as the lateral cylinder lock below the handle and the fold-down key. It also has an oil and Skydrol resistant worktop, made of ABS.

# SIMPLE. IMPRESSIVE.

## Tool Trolley No 90

**€ 419.00\***  
instead of € 808.00

### SOPHISTICATED

Six arrestable, easily removable drawers mounted in **full-extension runners**.

### SAFE & SECURE

Oil and acid resistant wheels (Ø 100 mm) with one **parking brake**.

**100%**

**(P)**

**300 kg**

**25 kg**

### HARD-WEARING

Oil and Skydrol **resistant worktop** made of ABS with compartments for small components.

### DOUBLY SECURE

**Central locking** with a cylinder lock and fold-down key. **Individual locks** prevent inadvertent opening in transit.

## TOOL TROLLEY + KIT CONSISTING OF 132 PREMIUM TOOLS.

## ERGONOMICALLY DESIGNED

A STAHLWILLE exclusive: the convenient work height of **101.5 cm** promotes a strain-free working stance (103 cm with the wooden worktop).

## GENEROUS

Seven large drawers and the **spacious cabinet section** provide plenty of storage space.

## TRIPLE SAFETY FEATURES

**Central locking** with recessed cylinder lock at the side. Together with the fold-down key, this reduces injuries and damage. **Individual locks** prevent inadvertent opening in transit – **topple-proof** construction prevents opening more than one drawer at a time.

## HIGH-GRADE

The sturdy construction and high-grade materials guarantee the typical Made in Germany durability for which STAHLWILLE is known. The **scratch-resistant stainless steel worktop** (103.5 x 49.2 cm) for example, which is fully welded to prevent the escape of liquids.

## FLEXIBLE

Shelves in the cabinet section are adjustable in **5-cm steps**. Additional shelves available on request.

100%

## PRACTICAL

Seven removable drawers mounted in **fully extendable rails** with easy-running bearing cage guidance.

(P)

## MANOEUVRABLE

Thanks to the **four smooth-running, oil and acid resistant wheels** with carpet protection to prevent ingress of dirt and fibres, two of which are swivelling and braked.

# 132-PCE. SET OF PREMIUM TOOLS

Broad range of sockets from **5 - 36 mm**. Thin-walled, and yet extremely resilient to loads, and gentle on fastener heads.

A versatile solution – this set includes **1/4" and 1/2" fine-tooth ratchets**. In contrast to conventional fine-tooth ratchets, no less than **eight teeth** engage at once here, ensuring maximum load capacity and, at the same time, smooth action and durability.

**QuickRelease technology** ensures tools cannot be inadvertently lost – while enabling rapid, safe tool changes, from the ratchet and extension through to the universal joint and drive handle.

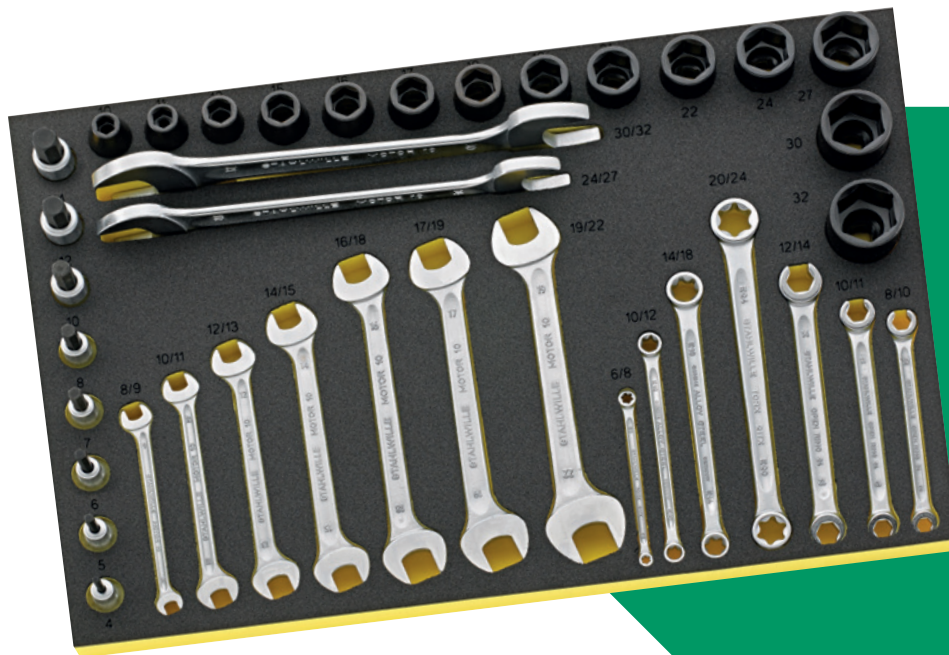

**Everything at a glance!**  
Laser-cut size identification to smooth the workflow.

## 38-PCE. SET OF PREMIUM TOOLS

Comprehensive supplementary selection of premium tools, including

- 1/2" IMPACT sockets up to 32 mm
- Open-ring spanners
- Double-ended ring spanners for male TORX® fasteners
- Double-ended open-jaw spanners up to 32 mm
- IN HEX screwdriver bits

€ 289.00\*

instead of € 557.60

TCS 4 10/50/54 | Code 96 83 02 03

54	<b>IN HEX screwdriver bits</b> , 4; 5; 6; 7; 8; 10; 12; 14 mm

**IMPACT sockets** are hardened in an oil bath to make them stress-free and distortion-free, which enables especially tight tolerances. Ideal for use in impact screwdrivers. This set includes sizes from **10 - 32 mm**.

Ready for anything - thanks to **IN HEX screwdriver bits**. Made in Germany, of course.

High resistance to bending and low weight thanks to STAHLWILLE's characteristic double-T profile. And equipped with **spanner sizes from 8 - 32 mm** for every application.

**TORX® fasteners** are being used in ever increasing numbers. Choose STAHLWILLE special offer sets to be ready for that challenge.

## PROFESSIONAL TOOL SET

# 58 EXPERTS. WITH YOU ALWAYS.

**13219/58**

Take your experts with you. The ideal companions for numerous everyday jobs. Spanners, pliers & cutters, brushes, screwdrivers, a saw, tape measure through to a voltage tester, hammer and telescopic electric torch – it's all included here.

## TORQUE WRENCHES

**QUICKER  
THAN EVER.**

### MANOSKOP® 721 QUICK

The MANOSKOP® 721 Quick puts end users in a position where they can work faster and even more safely with the aid of numerous intelligently optimised details.

### Torque wrench with permanently installed ratchet

- **Ready for use.** With permanently installed ratchet. Simple and quick to handle and ready for those all-important jobs.
- **Versatile.** Choose from four torque ranges – just the way you need it.

#### MANOSKOP® 721 Quick

### NO NEED FOR MANUAL RESET TO ZERO

Wear resistant trigger system with a flexible rod. In contrast to conventional torque wrenches, it is not necessary to reset the wrench to zero after each job to unload the spring. In this way, users benefit from long-term accuracy and safe measurement results and save time.

### EASIER

Quick adjustment from outside, no disassembly of the torque wrench required, with two adjustment points.

### LIGHTNING FAST SETTING

Convenient and quick, thanks to the large thumb recess and non-slip slide. With integrated magnifier.

# RAMP READY.

## Wheel-fitting set

This wheel-fitting set is safely housed in a sturdy, convenient plastic case and offers the most important tools for wheel changing in a single set.

€ 219.00\*

instead of € 464.50

## Wheel-fitting set

### 4-pce. set in a plastic case

- **Safe.** With the QuickRelease safety lock, ensuring rapid insert tool changes.
- **Gentle.** Specially designed plastic sleeves with a protruding rim help select the right size socket quickly while also protecting alloy wheels, wheel bolts and nuts.

## TORQUE WRENCHES

# LESS TORQUE – MORE ACTION.

**701/32/1**

### Set with SENSOTORK® 701

Compact torque wrench for low torques from 1 N·m. With permanently integrated fine-tooth ratchet with 80 teeth and QuickRelease technology. The perfect compilation with a range of bits and sockets.

**€ 333.00\***

instead of € 588.60

Experience the outstanding features of the SENSOTORK® 701 in a video here:  
[www.stahlwille.de/videos/701](http://www.stahlwille.de/videos/701)

### EFFICIENT

**Eighty teeth** provide a **ratchet angle of only 4.5°** – facilitating efficient working in confined spaces. In contrast to conventional fine-tooth ratchets, no less than eight teeth engage at once here, ensuring maximum load capacity and, at the same time, smooth action and durability.

### STATE-OF-THE-ART SPECIALIST

For torques from 1 to 20 N·m – the ideal choice for bolt tightening on modern materials such as plastic, carbon and aluminium. Like on carbon-frame bicycles.

### INTUITIVE

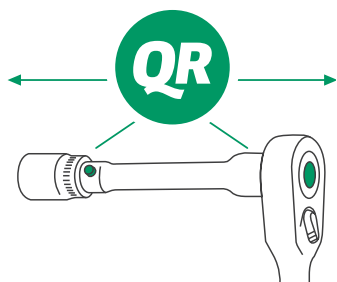

The required mode of operation (track, peak hold, fastener evaluation) can be quickly and easily set using the single-button setting system.

## SENSOTORK® 701 set

### QUICKRELEASE SAFETY LOCK

Enables rapid tool changes and secures them reliably during work operations.

## RATCHET WRENCHES

# SOMETHING OF A MIRACLE IN TOOLS.

**240/4**

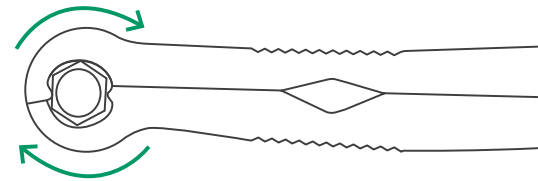

Unique. The FastRatch 240 ratchet wrench combines the benefits of an open-jaw spanner with the ease-of-use of a ratchet ring spanner – in a compact, manageable design.

**€ 79.00\***

instead of € 144.00

### 4-pce. FastRatch ratchet wrench set

- **Ideal.** Thanks to the patented »openable ring« technology, it is easy to use even in hard-to-reach installation positions, such as piping.
- **Universal.** Equally suitable for metric and imperial fasteners.
- **Convenient.** Gentle pressure in the notch »opens up the ring« and allows the tool to be positioned over an otherwise inaccessible union nut.
- **High-grade.** Quality Made in Germany. Made of hardened and tempered stainless steel.

#### FAST

No need to reposition, thanks to the patented ratchet mechanism.

#### SAFE & SECURE

The »self-grip function« ensures the required safety factor, prevents the tool slipping off and does not round off the corners of the fastener. Thanks to the integrated locking spring, it will stay where you want it on the fastener even when not under load.

#### 240/4

Code	No	1 off each
96 41 10 03	240/4	8 mm - 5/16"; 10 mm - 3/8"; 11 mm - 7/16"; 14 mm - 9/16"

## SPANNERS

# THE ORIGINAL.

Our very tight manufacturing tolerances ensure that one STAHLWILLE spanner is as close-fitting as the next. In this way, both open-jaw and ring spanners will always firmly hug the fastener head – for excellent power-lock.
